PARTNERSHIP PROSPECTUS

The Society of Women Engineers (SWE) is pleased to announce its 5th annual WE Local India conference. WE Local India will take place in **Bengaluru from 2-4 April 2020** at the Sheraton Grand Bengaluru Whitefield Hotel and Convention Center.

WE Local India brings together women from across the country including university students, women in academia and professionals at all career stages who are studying or working in the engineering and technology fields. WE Local India is a life-changing, three-day experience that features invaluable ways to connect, learn about career opportunities and participate in professional development programming. As an employer, your investment in these inspiring few days demonstrates your commitment to diversity and inclusion in your organization.

As a partner of WE Local India you will have the opportunity to promote your organization, provide professional development opportunities to your employees and reach a large number of women at various career stages. Through your participation you will also play an essential part in growing this powerful event for women in engineering and technology in India.
