The Society of Women Engineers (SWE) is pleased to announce its 6th annual WE Local Europe conference. WE Local Europe will take place in **London, England on the 26-28 May 2021** at the Sheraton Grand London Park Lane.

WE Local Europe is centered around professional development, providing an opportunity for women engineers to come together to engage in breakout sessions, be inspired by keynote speakers and meet other professionals in the field. For years, the WE Local Europe conference has attracted hundreds of attendees from more than 26 countries across Europe, ranging from students to management- and executive-level roles.

As a partner of WE Local Europe, you will have the opportunity to promote your organization, provide professional development opportunities to your employees and reach women at various career stages. You will also play an essential part in growing this powerful event for women in engineering and technology. In 2019, 14 partners joined us at WE Local Europe in Berlin, Germany, including Air Products, Amazon, Cummins Inc., Emerson, ExxonMobil, FM Global, Halliburton, Honeywell, IBM, Intel Corporation, John Deere, Keysight Technologies, Sensata and Synopsys.

Join these engineering and technology leaders in their support of SWE and discover the variety of partnership opportunities available.

For inquiries, please contact Jennifer Scott, Vice President, Strategic Partnerships, SWE at jennifer.scott@swe.org.

PACKAGES

	PLATINUM £10,000 [Limit: 2]	GOLD £7,500 [Limit: 6]	SILVER £5,000 [Limit: 12]

- 60-day access to standard job postings and resume database searches at SWE online career center

Invoices requested in USD will be based on the currency exchange rate on the date of invoicing. Prices provided herein are not inclusive of tax. Tax will be added to the final invoice.

WE LOCAL TESTIMONIALS

“Our 4 engineers that attended WE Local in Berlin had rave reviews for that conference and their experience [...] The outcome from their attendance will help to establish a women’s network in the refinery in Germany.”

“Presenting to an audience of all lovely ladies on my favorite subjects, the interaction with them during the session and after, and attending the other lightening talks and presentations – all were fascinating!”

“Networking from the opening session to the end of the network tour is a highlight.”

“Every woman I talked to is sharing the same stalls and road blockers as I am facing in my career path. I received very good advice from participating in lightning talks and talking with other women from different industry or companies.”

“Despite cultural differences, women engineers generally appreciate the network and development opportunities a SWE conference provides.”
